

FOR PHYSICIANS

MEDICAL EDUCATION

Advanced Ambulatory Surgical Center is proud to be a sponsor for continuing medical education and its affiliation with major Chicago area medical schools. For medical education information, please contact Dr. Hrywnak at [773-637-1700](tel:773-637-1700) or info@aascinc.com

TO SCHEDULE A PROCEDURE

Physicians who have applied and obtained privileges at Advanced Ambulatory Surgical Center can email AASC (info@aascinc.com) to request a surgical request form. You will be contacted the same business day to confirm your procedure and surgical suite.

TO APPLY FOR PRIVILEGES

Effective January 01, 2002, the State of Illinois standardized credential and recredential applications (Bill 1780 Public Act # 91602) to be used by hospitals, surgical centers, insurance providers, assisted living centers, and other health care facilities.

Some hospitals and providers may not be aware of this change, if you are credentialing with other health care facilities in Illinois, and receive a different application from those facilities, you may want to advise the facility credentialing contact of this change and refer them to www.idph.state.il.us for more information.

While the new forms are much more detailed and lengthy than previous AASC applications, you may now save your completed

form and use the same form for all insurance companies and health care providers.

Health Care Professional Credentialing Forms can be [obtained here](#).

Health Care Professional ReCredentialing Forms can be [obtained here](#).
