I regularly perform surgical

procedures here; it is by far the cleanest and well organized ambulatory surgery center.

Dr T is one of the kindest dr's I've ever had. He is thorough in his treatment plan and treats you like an individual patient who he genuinely knows and listens to cares and concerns. Natalie his assistant is so helpful and very personable! I adore her as a person and admire her professionalism! I would recommend Dr T to anyone and everyone who was ever in need of their of a pain management Dr!!
